CAMPAIGN BY RUSSIANS

Will Throw Large Forces of
Slavs Into Bulgaria By
Way of Rumania Within
a Week Says Emperor
Nicholas—Rumania's Con-
sent for Movement is Be-
ing Sought.[ASSOCIATED PRESS TELEGRAM]
London, Nov. 26.—Greek affairs
having emerged from the uncertainty
which for some time has been a
potential menace to the allied cam-
paign in the Balkans, Rumania's
problem now commands chief atten-
tion in Europe. Although Rumania
is beset with difficulties somewhat
similar to those which cause Greece
to hesitate she is not involved in the
same political turmoil and her situa-
tion is expected to mature more
rapidly.Whatever German efforts have
been made in Rumania, it is believed
here that they have been largely of-
fset by the presence of large Russian
forces close to the frontier and the
now rapidly developing Russian
preparations with Odessa as a base
from which no other interference is pos-
sible than her immediate entrance
into the Balkan conflict.Emperor Nicholas is said to have
promised the appearance of Russian
troops in Bulgaria within a week.
There are increasing indications that
this campaign will be launched by
way of Rumania and it is reported
that conferences are now being held
between Russian and Rumania to ob-
tain the latter's consent to this move.
This consent, as intimated clearly by
Rumanian statesmen has been de-
pendent on whether the allies gain a
preponderance of forces in the Bal-
kans. Rumania gives evidence of
being impressed strongly by the con-
centration of 250,000 Russian troops
at Ismail and Reni, near her border.No important achievement has
been recorded on either side since
the German announcement of the fall
of Pristina and Mitrovitz. With
only a small strip of territory left to
defend, Serbia's leaders declare she
is unbeaten and can still harass the
invaders. General Boyadjieff, the
Bulgarian commander, says on the
other hand, that King Peter's troops
will be put out of action in a few
days.No official report has reached
London at noon today of the capture
of Gorizia by the Italians, although
the fall of the city was regarded as
imminent. The important system of
fortifications, commanding the rail-
way lines connecting the upper with
the lower Isonzo and called the key
to the Austrian defenses to the north,
has been the objective for which the
Italian army has been struggling for
several months.OLD LANDMARK
RAZED BY FLAMES;
TOLEDO SENDS AID[ASSOCIATED PRESS TELEGRAM]
Toledo, Nov. 26.—Fire destroyed
the Catholic church, the priest's resi-
dence, a barn, a wagonshed and
several smaller buildings at Moniee-
town, six miles east of the city, early
today. The flames were discovered
in the church shortly after midnight.
Monieetown is without fire protec-
tion and a company of Toledo fire-
men answered a call for assistance.
The church is one of the oldest land-
marks in the city.ANOTHER AMERICAN
CITIZEN, SURVIVOR OF
ANCONA IS LOCATEDWashington, Nov. 26.—Another
American citizen who was on the
torpedoed Italian liner Ancona, has
been located by the consul general at
Marseilles. He is Joseph Toris, and
is said to be in a hospital on the
north African coast. Depositions
will be taken from him to add to
the facts of the state de-
partment are gathering to determine
the true status of the Ancona
disaster, as it affects the United
States.STREET CAR SYSTEM

bert F. Myer, president of the
Realty Co. of McKeesport, has
offered to the borough of Port
Vue a street car line with all
equipment, franchise and free

—Governor Willis Favor-
ably Inclined Toward Ac-
cepting Mr. Ford's Invi-
tation to Join Party.[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 26.—President
Wilson will take no part in the cam-
paign to bring about a peace confer-
ence now being carried on in this
and other neutral countries. While
he will interpose no objection to the
unofficial movement, he has heard
nothing from Europe which leads
him to believe that the time is op-
portune for him to take any steps.Telegrams urging the president to
support the movement for a confer-
ence of neutrals continued to pour in
at the White House today.
A delegation of peace advocates
will call on the president late today.
The president is keeping in close
touch with peace sentiment abroad
through American diplomatic repre-
sentatives and is devoting much
time and study to the question. It
is stated authoritatively at the first
intimation from officials of the war-
time nations that such efforts would
be welcome, the president will renew
his offer of services to aid in end-
ing the war.Henry Ford's peace ship will not
carry any representatives of the
American government and unless the
situation changes in the meantime,
the government will not take any
part in the meeting proposed.
The president is not expected to
make any official announcement re-
garding the peace campaign now be-
ing carried on, but will continue his
policy of carefully watching the de-
velopments in order that he may be
ready to do whatever he can when
the time arrives.WILLIS MAY JOIN
FORD'S PEACE PARTY;
TALKS WITH LEADERS.[ASSOCIATED PRESS TELEGRAM]
Columbus, Nov. 26.—Gov. Willis
indicated today he is favorably in-
clined toward accepting Henry
Ford's invitation to accompany the
American Peace exposition to Europe
December 4. He will decide defi-
nitely later today after conferring
with a number of administration and
political leaders. Many influential
persons today urged him to take the
trip to represent Ohio in the party.The party is expected to return in
about one month, remaining away
during the holiday season. Gov.
Willis said he had planned to spend
a large part of his time next month
visiting state institutions and these
plans caused him to hesitate to ac-
cept Mr. Ford's invitation immedi-
ately. "I am greatly impressed with
the importance of this American ex-
pedition, however," said the govern-
or. "I am debating whether I can
serve the people better by remaining
here and attending strictly to state
business, or by assisting in my
small way in the larger cause of
world peace."It is not known whether the men
invited to take the trip are expected
to be accompanied by their wives.
Neither the governor nor Mrs. Wil-
lis have ever been in Europe. The
proposed expedition will be by the
steamer Oscar II of the Scandinavian
American line, sailing from New
York for Christinia, Stockholm and
Copenhagen.Shortly after noon today Governor
Willis made public the copy of a
telegram he had sent Mr. Ford and
which read:"Columbus, Ohio, November 26,
1915:

"Henry Ford.

"New York City.

"The opportunity to render ser-
vice in promotion of international
peace afforded by your cordial invi-
tation to be your guest, aboard the
Oscar II, is greatly appreciated. Im-
portant public business of state of
Ohio demanding attention during
next month renders my acceptance
doubtful. Will wire definitely on re-
ceipt of letter. Thanks for the
honor.

GOV. FLEIDER SAYS
FORD'S PEACE EFFORTS
ARE "MIDDLEBROOD"[ASSOCIATED PRESS TELEGRAM]
Trenton, N. J., Nov. 26.—Governor
Fleider today declined an invita-
tion of Henry Ford to be his guest
in the proposed expedition to estab-
lish an international conference to
negotiate for peace abroad. A tele-
gram sent by Governor Fleider said:
"Invitation declined. Believe
that efforts for peace by citizens of
neutral nations as individuals would
be considered middlebrow."

"FLYING BEAUTY SQUAD" OF SUFFRAGISTS MAKES TRIAL MARCH

"Flying Beauty Squad." Left to right: Miss Molly Wade, Mrs. Florence Morrow, Miss Margaret Gordon and Miss Blanche Waters.

These four pretty girls, composing the "Flying beauty squad" of the Congressional Union for Woman Suffrage, have just finished their job as pathfinders for the envoys of the women of the western voting states, who, having made the trip from California to the District of Columbia by auto, will enter Washington December 6, bearing resolutions on the Susan B. Anthony amendment for President Wilson. The two envoys will be met on the outskirts of Washington by hundreds of suffragists and the "Flying beauty squad," which recently made a trial march over the route to determine the time it will take. They found it a long hour and a half's job.

MEXICANS FALL

FROM U. S. RIFLES[ASSOCIATED PRESS TELEGRAM]
Nogales, Ariz., Nov. 26.—Ameri-
can soldiers fired on Mexican sol-
diers across the border here at 10.45
o'clock today, when Mexicans sent a
number of bullets in the American
town.One American soldier was wound-
ed. The bodies of half a dozen Mex-
icans were plainly visible from the
American side.Colonel W. H. Sage, commanding
the American troops, ordered his in-
fantrymen lying near the boundary
line to open fire.A troop of Villa cavalry was seen
approaching from the southwest,
firing as they came.NOTED CLERGYMEN

neral services of Bishop David H.
Moore were held here today. With
Bishop Earl Cranston there marched
at the head of the funeral proces-
sion many distinguished clergy of
the Methodist church and numerous
men of prominence in all walks of

resident bishop of Cincinnati, and
Bishop Wm. F. McDowell of Chicago,
were at the side of Bishop Cran-
ston. In the solemn procession was

bach, a veteran, the former super-
intendent of the city hospital.The remains of Bishop Moore lay

to 9:30 a. m., and great crowds
passed by for a farewell look.The four sons of Bishop Moore,
Prof. E. H. Moore, of Chicago, A.
Truman Moore, of New York, Wil-
liam A. Moore and Julian H. Moore,
of Denver, carried the casket. The
body will be taken to Athens, O., for
burial.BRITISH WOMEN
TO ASK WILSON
TO SUPPORT PLAN[ASSOCIATED PRESS TELEGRAM]
Washington, Nov. 26.—President
Wilson had an engagement late to-
day to see Mrs. Philip Snowden, wife
of a member of the British parlia-
ment and Mme. Roskai Schimmer,
of Hungary, who seek the president's
support of the movement for a neu-
tral conference to attempt to end
the European war and establish per-
manent peace. They were to be
presented to the president by Henry
Ford.The conference is the climax of a
telegraphic campaign in which wo-
men in all parts of the country, at
the suggestion of Miss Jane Addams
of Chicago and other leading women
peace advocates, participated urg-
ing the president to interest himself
in having the proposed conference

AS OWN LAWYER
IN FEDERAL COURTCharged With Sending Obscene
Matter Through Mails
Twice Indicted.[ASSOCIATED PRESS TELEGRAM]
Augusta, Ga., Nov. 26.—A special
venue, in addition to the regular
jury panel, was drawn in federal
court today for the trial of Thomas
B. Watson, charged with sending
obscene matter through the mails.
Watson's indictment contains four
counts, giving dates in 1911 and
1912, in which the alleged obscene
matter was sent through the mails
in issues of Watson's publications
printed at Thompson, Ga., his home.
Watson was indicted on similar
charges in 1912 and in the fall of
1913, the indictment was quashed
on grounds that it should have con-
tained the entire article alleged to
be objectionable and not merely ex-
cerpts from it.At the next session of the Federal
grand jury Watson was reindict-
ed, the charges being made in what
was regarded as more specific form,
but not containing the language ob-
jected to, the indictment stating that
it was improper to be spread upon
the minutes of the court.Four counts of the present indict-
ment alleged that objectionable mat-
ter was used in an article entitled
"The Roman Catholic Hierarchy,"
the deadliest menace to our civiliza-
tion, "and the fourth in an article
entitled "Another Maria monk case
comes to light in New Jersey, a few
days ago." When he previously faced
the court Watson contended the
words alleged to be obscene merely
were quoted from books on Roman
Catholic religion.Today the defense was ready to
move, to quash the present indict-
ment. Judge W. W. Lambdin is pre-
siding in place of Judge Emory
Speer.Watson appeared to act as his own
lawyer with local counsel to assist
him.TRAIN STRUCK

seven strikers arrested here today in
an attack by the latter on the former

the Tehodor Kundtz war order auto-
body plant where a strike of
Hungarian workmen has been in
progress several weeks. The strike
breakers to the number of fifty were
on a motor truck when they were set
upon by the strikers. Clubs, bricks
and stones were hurled but no shots
fired. Police charge that union in-
fantrymen on the new high level bridge
threw red hot rivets at the strike
breakers during the battle which
took place under the bridge. The
fight resulted in routing the strike
breakers who were prevented from
reaching the Kundtz plant. Truck
loads of police reserves finally drove
off the attacking party.THIRTEEN KILLED
BY TORNADO WHICH
CRUSHED FARM HOUSES[ASSOCIATED PRESS TELEGRAM]
Hot Springs, Ark., Nov. 26.—
Thirteen dead and twenty known in-
jured was the casualty list reported
today as a result of the tornado
which yesterday swept the outskirts
of this city.Relief work was resumed at day-
break today in the tornado swept
farming district south of Hot
Springs. Twenty persons were in-
jured, several of them seriously. It
is said the death list may go higher
when full details of the storm are
known. Owing to the wide area
covered, it probably will be late to-
day before accurate estimates of
the tornado's damage are available.
The city of Hot Springs was not
touched by the storm and no one
was hurt within the city limits.
Six of the dead were white persons,
all of them killed in the destruction
of their farm houses by the storm.
Many of the injured were brought
to hospitals here.Communication was restored be-
tween this city and Little Rock to-
day. The storm struck the outskirts
of Hot Springs at 3:05 o'clock yes-
terday afternoon. It lasted ten min-
utes. It had crossed the Cuyahoga
river near Riverdale Park, and moved
northeast just touching the out-
skirts of the city. It disappeared in
the northeast, leaving a wake
from one-eighth to one quarter mile
wide.DRIVER CRUSHED

tel Warden.Newark today is welcoming a
large delegation of Zanesville's most
representative business men, who
come to Newark to celebrate the
completion of the National pike be-
tween the two cities. The event
probably marks the removal of the
last bit of antagonism, whether real
or fancied, which has long existed
between the two cities.If Newark could but outdo Zanes-
ville in the past she was happy, and
if Zanesville could but reciprocate
she felt proud, but when calamity be-
fell Zanesville with the big flood the
first hand of help to be extended
was that of Newark and the first
step was taken to establish a bond
of friendship. Succeeding events
have brought the cities closer to-
gether and the spirit which prompted
the "getting together" of the party
for today's celebration, would
seem the final evidence of good will.The new National pike which will
give to Zanesville an advantage she
has long felt the need of, a good
road west, was formally opened to
traffic on Thursday, but the day be-
ing Thanksgiving the celebration
was planned for today. It was to
have been a surprise for Newark,
but the word reached Newark, and a
reception has been planned for the
visitors.The Zanesville machines will be
decorated with pennants, banners
and ribbons, and the excursionists
will wear Zanesville badges with the
word "Zanesville" printed in red on
a light background. The trip is
made under the auspices of the
chamber of commerce, and 500 of
these badges were donated by C. U.
Shryock. Federal Inspector Fore-
lock notified the committee on
Thursday that the pike was in fine
shape all the way and that the dirt
had all been removed. A speed of
between 15 and 20 miles will be
maintained and no machines will be
allowed to pass the leader, Chester
A. Baird, chairman of the general
committee.Because of the fact that about 200
machines are on the trip, repair men
in auxiliary machines were taken
along, and any machine in need of
repairs will pull out of the pro-
cession to the right of the road to
allow others to pass.The party left Zanesville at one

sociation has in charge the reception,
and the visitors will be greeted by
about 150 business and professional
men. The Newark machines num-
bering about thirty left the city at
1:30 o'clock, and will await the
Zanesville party at Jacksonstown.
The reception committee, composed
of William C. Kuster, Jessie R.
Walters, S. E. Alban, R. A. Moore,
A. F. Rowe and Emmett McDaniels,
will go in one car, and the officials
of the Merchants' Association, Presi-
dent A. R. Lindorf, Secretary J. V.
Haas, W. H. Mazey and the spencer
representatives, C. H. Spencer
and F. S. Neighbor, will occupy an-

the Warden hotel where a buffet
luncheon will be served, and a sight-
seeing tour of the city will be held.

visited.FORMER OFFICIAL

Conspiracy Cases

TURNER ADMITTED CLAIMS

Made By Government, But
Reluctantly Testified to
His Part In Plot to De-
ceive—Ship Captain Also
Tells of the Instructions
He Received From Super-
cargo.[ASSOCIATED PRESS TELEGRAM]
New York, Nov. 26.—One man
alone, John J. Turney, of Philadel-
phia, procured for and chartered to
the Hamburg-American line in the
early stages of the war six of the
fleet of sixteen vessels which the
government charges the line with
having sent to the relief of German
cruisers in the Atlantic and Pacific.This development in the trial, on
charges of conspiracy, of officials of
the line came from the witness
stand today and from the lips of Mr.
Turney, a frankly hostile witness.
The concession of the defendants,
introduced at an earlier day, shows
that the line spent \$545,000 for
charters alone in the case of these
six vessels. The total cost, includ-
ing supplies, was \$698,693. The
steamers which Mr. Turney chartered
to the line, were the Heina, sail-
ing from Philadelphia, Aug. 6, 1914,
for La Guayra; the Nepos, sailing
from Philadelphia, Aug. 22, for Mon-
rovia; the Mowinckle, sailing Sept.
2, from Philadelphia, Sept. 8, for
Cadiz; and the Fram, and Sommer-
stad, which took out clearance pa-
pers but did not sail as their alleg-
ed plans to reach German cruisers
became known. The Fram took out
clearance papers for Pernambuco and
the Sommerstad for Cadiz.Mr. Turney testified, apparently
with great reluctance, that Adolph
Hochmeister and George Kotter, pur-
chasing agent and general superin-
tending of the line respectively, de-
fendants in the present action, gave
him all the information upon which
he acted in chartering the vessels,
told him their alleged destinations
and held many conferences with him
concerning them. All the vessels
were cleared by the witness who sent
his clerk to the customs house in
Philadelphia to swear to the mani-
fests."Did you know that these destina-
tions were false?" the government's
counsel asked.

"I did not."

"Did you know these vessels were
trying to reach German cruisers in
the Atlantic?"

"No."

Mr. Turney was compelled to sur-
render to the government's counsel
all correspondence in his possession
bearing on the chartering of the ves-
sels. Most of this was with the
Hamburg-American line.Only a few of the sixteen vessels
which left Atlantic and Pacific ports
early in the war with supplies for
German cruisers had figured in the
government's evidence when the
trial of Karl Buentz and other offi-
cers and employees of the Hamburg-
American line charged with conspir-
acy to defraud the United States in
filing false manifests of these sup-
ply ships was resumed today. Attor-
neys for the prosecution said they
still had a great mass of evidence.Most of the testimony has dwelt
with shipments made from Atlantic
ports, but the assistant district at-
torney has promised to show that the
conspiracy extended to San Fran-
cisco.The Norwegian steamer Napos,
which sailed from Philadelphia Aug-
ust 22, 1914, with supplies for Ger-
man trawlers at sea, although she
cleared for Moravia, was the first
vessel concerning whose activities
witnesses testified today. Roger B.
Wood, of the government's counsel
put her captain, Olaf Neilsen, on the
stand and asked him to tell what
happened after he left Philadelphia."My supercargo, Mr. Fluhr told me
that we expected to meet a German
cruiser," Captain Neilsen said. "I
learned later that the cruiser was the
Kaiser Wilhelm der Grosse, which
was sunk some time afterwards by
the High Flyer. Fluhr wanted me to

THANKSGIVING WAS QUIET IN GRANVILLE

PRESIDENT AND MRS. CHAMBERLAIN ENTERTAIN WITH RECEPTION IN SHERWIN HALL

Matinee Recital at Recital Hall Followed Reception—Dr. Dorsey of Chicago Visits Home.

(Special to the Advocate.)
Granville, Nov. 26.—Thanksgiving day in Granville passed in almost Sabbath quiet, although the spirit of hospitality was never more in evidence. Numerous family parties and an abundance of national good cheer emphasized the significance of our national fall festival and the college people who remained in town were well entertained during the afternoon and evening.

President and Mrs. Chamberlain and the faculty gave a delightful reception in Sherwin Hall on Thursday afternoon from 3 to 4 o'clock to the students remaining in town for Thanksgiving. This charming function was followed by a matinee in Recital Hall at 4:15 complimentary to the students, faculty and their friends which filled the hall to capacity with an enthusiastic and most appreciative audience. This witty and clever little Shakespearean "take off" entitled "The Women Speak at Last" which was given last July by the Social Union, will bear numerous repetitions by the clever cast which presented it. It was one prolonged triumph from the first entrance to the final exit in which all seemed to share honors equally. Mrs. J. E. Megaw as Lady Macbeth gave a really notable performance in which her years of training as reader were greatly in evidence. Her natural talent was admirably supplemented by a fine voice and attractive personality devoid of affectation and mannerisms. Lady Macbeth, even in satirical vein gave her audience a thrill or two. As in the first presentation here, Miss Lillian Bell seton as the submissive Ophelia scored a little private triumph of her own. So great was her feeling for the part and her cleverness in interpreting it. The naive, childlike confidence in her "Ham" which the part demands was charmingly assumed and consistently maintained to the finish. The applause which greeted her quotations was spontaneous and appreciative. Mrs. Finley as Portia, captivated her audience before she uttered a word. The gorgeousness of her legal robes—the soft brilliance of her dark eyes—the slight easy grace of her movements—would have won the release of ten Antonios. The audience especially appreciated her denunciation of the "perfidious Ner-is-sar" and her efforts to make them understand the strange new Latin she spoke. Ever since her advent in Granville, Mrs. Finley's cordial manner, easy smile and her ardent Below-the-Mason and Dixon loyalty have made her a

BANKRUPT NERVES

Each of us has a certain supply of nervous energy. Every act, even every thought, uses up some part of this energy. During rest and sleep the supply is increased by the blood which gets the needed elements from the air we breathe and the food we eat.

Your nervous energy is like a bank account. If you use it up faster than you add to it you overdraw your account. Neurasthenia is the name given to nervous bankruptcy. It means that the power to recuperate is gone.

The blood can be built up so that it will increase the supply of needed elements to the wasted nerves and this is the only way that the nerves can be reached. Dr. Williams' Pink Pills are a tonic that especially builds up the nerves because they supply to the blood the elements that the nerves need. Many nervous disorders, sometimes chronic ones, have yielded to this tonic treatment with Dr. Williams' Pink Pills when other methods failed to give relief. They are certainly worthy of a trial in every case of weak nerves and thin blood.

Dr. Williams' Pink Pills are sold by druggists everywhere or will be sent by mail postpaid on receipt of price, 50 cents per box, six boxes \$2.50 by the Dr. Williams Medicine Co., Schenectady, N. Y. Write today for free book on the nerves.

RICH, NATURAL COLOR TO GRAY AND FADED HAIR

Stop trying to "wash away" those gray hairs. Do what your young-looking friends do—bring back the natural color with Hay's Hair Health. Prove that it's an easy matter to get rid of gray hair permanently. Not a soul need know it, because this preparation works gradually and naturally, bringing back the natural color to faded hair—keeping your hair glossy and wavy and removing all dandruff.

Be a young, active-looking man. Don't get in the "has-been" class. Get a bottle to-day. If it doesn't prove to you that your hair can be natural colored, and that you can be as young-looking as you want to, your money will be given back by your druggist.

BERGIN AGAIN CHARGED WITH SELLING LIQUOR

Four state and three local officers raided a resort at Bruno, Buckeye Lake last night and filed affidavits against William Bergin, the proprietor, Hugh McKenna and John Linskey, both of Newark, charging violation of the State Liquor Law. In court this morning the cases against McKenna and Linskey were continued until December 7, at 1 o'clock. Bond in the sum of \$300 each was furnished. About 20 bottles of beer and 4 or 5 jugs of whiskey were confiscated. The police went out in machines about 9 o'clock last night and arrested the men.

On account of his illness the officers did not bring Bergin into court. His case will be disposed of later.

All we say is this—make sure your steady cigarette is sensible, whether it is Fatima or some other one.

Is it cool and friendly to your throat and tongue? Does it leave you feeling O.K. after a long day of smoking?

Fatima certainly makes good on these two points.

The only question is—will they just suit your individual taste? They may or they may not. But it seems reasonable that they should, for they cost only 15c.

So you ought to try them. Do that today.

ARMY AND NAVY TEAMS IN SECRET PRACTICE TODAY

(Associated Press Telegram)
New York, Nov. 26.—The United States military and naval academy football teams which meet in annual football game tomorrow, will each hold secret practice at the Polo Grounds today. Both squads reached the scene of the twentieth contest since 1890, well in advance of the main contingent of Middles and Cadets. The Annapolis players stopped over at Philadelphia yesterday in order to witness the Cornell-Pennsylvania game, and reached this city last night while the West Point team and first substitutes came direct from their barracks early this morning. Following the practice at the baseball home of the Giants, the squads will return to their respective hotels to await the call to the gridiron on the morrow.

Williamsport, Pa., Nov. 26.—Fred McGough, a member of the Dickinson College freshman football team, received injuries in the game with Williamsport High school yesterday from which he died a few hours later. In attempting to make a tackle McGough was blocked off by a Williamsport player and struck from behind by two of his own team. He fell on his head, sustaining injuries at the base of the brain.

Two Thousand Dollars Needed To Finish Y. W. C. A. Campaign Which Ends Monday Night

The Newark Young Women's Christian Association needs \$2,053.10 to complete the \$9,000 needed for maintenance in 1916-17.

At Friday noon's meeting the team captains reported subscriptions amounting to \$1,293.50, which added to the amount previously reported makes a total of \$6,946.90, or a little more than two thousand dollars less than the required amount. A single dollar has been held back by any of the teams or solicitors. All subscriptions have been reported in full.

The campaign is to end next Monday night. The solicitors will meet at the Y. W. C. A. building tomorrow noon and again on Monday evening when the final reports will be made.

After the day's reports were made by the team captains, Miss Elizabeth Hughes, Y. W. C. A. executive secretary, called upon Dr. Trusdale of Ohio University at Athens, who is the father of Mrs. Frank L. Johnson of Hudson avenue, gave a delightful talk full of encouragement and sparkling wit.

Following is the report of the seven teams. The amount opposite each captain's name show the subscriptions upon the first second and third day:

	First Day.	Second Day.	Third Day.
E. L. Johnson	\$405.00	\$225.00	\$270.00

Y. W. C. A. AND SOCIAL SERVICE.
Team work is winning the present campaign. From the organization of the team to the work of the least conspicuous player in the game there has been the minimum of loss of time and labor with the highest efficiency. The publicity work and the volunteer team work stand out as the star features.

And the Y. W. C. A. is training girls for such team work throughout the world. I have worked with the organization in many counties and observed their work in still others with the most gratifying results. They are giving to the future women of many nations the broad vision of woman's place and task in the welfare of the community and training them to keep step and work together in wise and effective service as wives, mothers, citizens in the world that is to be.

There is an indirect service, also, which they are rendering in this day through the demand of their girls for a higher type of manhood. Last month the Navy Dept. at Boston called for volunteers for the service. Out of 600 applicants only 30 were fit for service. The rejected men were made unfit chiefly by drink, tobacco and night dissipation.

Y. W. C. A. girls know a real young man from one of this rejected sort and are beginning to see a way to employ team work in this great game of life. Newark has her quota of the unfit young—both for work and war, and the Y. W. C. A. if enabled to carry out its program, will do its share to raise the standard for both men and women. Let us give them generous support. Wm. E. Hopkins, Supt. Associated Charities.

Argument Delays Game Until Darkness Made Further Play Impossible; Newark Wins 13-9

Pending the decision of an arbitrator, to be selected by the two teams, Newark is given credit for a victory over Martins Ferry. Thanksgiving by a score of 13 to 9. An argument, early in the fourth quarter over an alleged offside play, delayed the game until it was too dark to finish.

Three times Newark crossed the Martins Ferry goal line and on two occasions the umpire, Mr. Rowley, Martins Ferry, called the ball back. The last time Referee Koblen and Field Judge Brown could not concur in the decision, hence the argument. Newark outplayed Martins Ferry in the last three quarters, but was outplayed in the first.

Not until after the first quarter, and when Newark had begun to hold the Martins Ferry eleven, did the Martins Ferry umpire begin to call penalties. This added to the fact that the visitors played for time after the first quarter, added to the delay of the game and in spite of how the final decision awards the score, the fact remains that Newark crossed the visitors goal line three times.

Martins Ferry outweighed Newark in practically every position, but after the first quarter Newark consistently outplayed them. The stars for Newark were: Davis, Williams, Orr, John McCarthy, Hager and Keyes.

The Thursday crowd was the largest of the season, and the Newark team was well supported in the rooting. The McDaniels team will play a return game at Martins Ferry on November 28.

SAYS MAN FORGED MINISTER'S NAME TO CERTIFICATE

Charging that Fred Felton forged the name of Rev. T. A. Cosgrove to a marriage certificate and returned it to the probate court in Cincinnati, Mary Slack of Canal street today told Police Chief Sheridan that she tired of his ill treatment and caused his arrest. Both are in custody. They have been living together as man and wife since 1913. Records in the Cincinnati court verified a part of the woman's story.

The matter has been referred to Prosecuting Attorney J. W. Horner and what action is to be taken will be determined by him.

Puzzle of the Arctic Tern.

Ornithologists have finally awarded first place as migrator to the arctic tern. Recent investigations have proved beyond all question that this bird of mystery makes a flight every year totaling 22,000 miles. It is on the wing literally twenty weeks out of the fifty-two, with a daily average flight of approximately 150 miles. When it is winter in the northern hemisphere the tern is feeding at the edge of the arctic circle, far south of Cape Horn. When spring banishes winter it returns to the arctic, 11,000 miles away from its winter quarters, to build its nest in the arctic regions. Almost with mathematical precision the tern arrives in the north every year on June 15 and on Aug. 25 begins its long southern flight. Curiously enough, reports of the birds seen on route are exceedingly rare. One or two have been seen in the last three or four years along the Long Island shore, but beyond this clue to the course they pursue nothing at all is known of the route they follow.—Philadelphia Record.

END OF GAME SAVES DENISON FROM DEFEAT

MT. UNION CARRIES BALL TO DENISON'S ONE-YARD LINE

But Timer's Whistle Stops Play and Gives Baptists a 14 to 7 Victory.

Alliance, Nov. 26.—Mt. Union staged a wonderful "come back" yesterday, holding the heavy Denison team to a 7 to 14 score. The light Mount eleven had the ball on Denison's one-yard line ready to make the fourth attempt to buck the ball over and tie the score when time ended.

Outweighed fully 15 pounds to the man, Mount outplayed Denison in the first half and scored their lone touchdown in the first period by bucking the ball 10 yards through the heavy Granville line. Previously Miller had made 15 yards on a forward pass, placing the ball on the 10-yard line. Wilson tore through Denison's line for nine yards and Captain Lovell then bucked the ball through center for a touchdown. Marlowe kicked the goal.

In the third period a forward pass Ladd to Thiele, over the goal line, netted Denison its first score. Ladd goaled. In the fourth period a pass, Thiele to Decker, at the far side scored the winning touchdown. Wilson, Geltz and Thorpe starred for Mount and Thiele and Decker for the visitors. Lineup:

Fleas as Jumpers.

The jumping powers of fleas have been much exaggerated, according to a bulletin on these insects issued by the department of agriculture. The species known as the human flea (Pulex irritans) is probably the best jumper. According to Mitzmain, the maximum horizontal distance this species can jump is thirteen inches and the maximum vertical distance less than eight inches.

The question of the flea's jumping powers is of importance in connection with the spread of bubonic plague and other diseases of which this insect is the carrier. The Indian plague commission, which has investigated the habits of the Indian rat flea, finds its maximum horizontal jump to be only five inches, while Mitzmain records the maximum height to which it can jump as three and one-eighth inches. One species of flea, the "sticktight," is nearly incapable of jumping.

TWO ROBBERS ARRESTED AS SAFE IS BLOWN

Cincinnati, Nov. 26.—Seven men, suspected of being members of a band of robbers that has blown more than a dozen postoffice safes in southern Ohio and Kentucky during the last year are being held by the Cincinnati police, following the blowing open of the safe in the postoffice at Erlanger, Ky., 20 miles south of Cincinnati, early yesterday.

Two of the men, who gave the names of David Foley of Amherst, Nova Scotia, and Frank Wilson of Nome, Alaska, were arrested by Wm. L. Nimmo, chief of detectives of Cincinnati, and Morgan Griswold, postoffice inspector of the Cincinnati district, and several deputies, a minute after, it is alleged, they had blown open the safe in the Erlanger postoffice. A third man, who was acting as a lookout, escaped after firing several shots at the officers.

Nimmo and Griswold were notified Wednesday by Miss Helen Gurney, the postmistress at Erlanger, that a suspicious looking man had been in the postoffice and she expressed the fear that an attempt would be made to rob the safe.

The two officers, with several deputies, went to the scene early in the evening and hid near the postoffice building. They waited until early in the morning, when three men came. The men forced a rear window, entered the building and blew the door of the safe.

Immediately following the explosion, the officers rushed from their hidingplace. The robber on the outside shot three times at them and they returned the fire. He escaped, but the two men in the postoffice were arrested at the points of revolvers. The other five men who were being held on suspicion were arrested in Cincinnati yesterday.

NEWARK TO SEEK NEXT STATE GRANGE MEETING FOR 1916

The next state grange meeting will be held in Elyria, on December 14, 15 and 16, and an effort will be made at that meeting to secure the 1916 meeting for Newark. The delegates from the Licking county granges are Mr. and Mrs. O. B. Young, Mr. and Mrs. J. M. Lambert, Mr. and Mrs. E. C. Alspach, Mr. and Mrs. D. D. Snyder, Mr. and Mrs. J. C. Williams, Mr. and Mrs. E. H. Denman. These delegates are all ready greatly enthused over the proposition and will do all in their power to bring the meeting here but they must have help from the Business Assn. and Board of Trade of the city. This aid has been promised and there will be a united action in the work of securing this big meeting. There are in this county 3,000 members of the order, double the number of any other county in the state while the attendance at the meeting will bring at least eight hundred delegates to the city and probably more. Newark being centrally located will have a strong influence on the movement and will no doubt aid in working the matter up, at least it will be a strong inducement to offer. Licking county's delegation is the largest in the convention and every member on it is a live wire. The meeting will last three days and practically every cent paid to the delegates will be returned to Newark people besides the other meeting that will be spent by them here. To have a large convention for that long a period of time will mean a good deal to the city and it is therefore urged upon the people to render their assistance in bringing it here.

CHILDREN HATE PILLS, CALOMEL AND CASTOR OIL

IF CROSS, FEVERISH, CONSTIPATED, GIVE "CALIFORNIA SYRUP OF FIGS."

Look back at your childhood days. Remember the "dose" mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well-founded. Their tender little "insides" are injured by them. If your child's stomach, liver and bowels need cleansing, give only delicious "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

"Nostriola" Is Quick-Help for a Croupy Child

Mother! Don't take chances. Get NOSTRIOLA for Colds and Croup.

The formula is plainly printed on each package, and this simple, sensible, harmless treatment gives instant relief and there is no waiting for results.

Cut phlegm, stop choking and coughing and open the air passages, have child swallow a little NOSTRIOLA at once; also apply to nostrils and rub on throat and chest, covering with a hot woolen cloth.

This will quickly soothe the inflamed parts, permitting restful sleep, and in the morning you will have a happy, playful child.

A small tube of NOSTRIOLA, which you can get at any drug store, will last for months, and you can't make a better investment.

SPLENDID RECIPES

The following tested receipts are taken from the November number of Mother's Magazine, and will prove interesting to the housewife.

Stuffed Baked Apples—Peel large sweet apples, and remove the cores. Fill with mixture of chopped raisins, nuts, cinnamon and sugar, and bake in oven until tender. Put a spoonful of whipped cream on each apple.

Left-Over Fish—Bits of fish that are left over, mixed with a little chopped celery and a few olives chopped, and blended with mayonnaise makes a very good sandwich filling.

Good Salad Filling for Sandwiches—One cupful of whipped cream, a pinch of salt, a little lemon juice, and one-half cupful of nut meats. Mix and spread between thin slices of bread.

Baked Onions—Boil in salted water until almost tender, as many onions as necessary, lift out, lay in a baking pan and salt and pepper to taste. Place a bit of butter on each onion, bake in a hot oven for 15 minutes; when brown serve in a hot dish.

Cream Cheese and Nut Salad—Crack a half-pound of English walnuts very carefully to keep in halves. Make little balls of cream cheese and put half walnut on each side (like cream walnut candy) lay them on cups made of lettuce leaves and pour a French dressing over them. Serve with toasted crackers.

Plum Pudding—Pour a cupful of milk over a cupful of bread crumbs. When milk becomes cold, add three-quarters of a cupful of sugar, one teaspoonful of salt, yolks of four eggs, one-half pound each of raisins and currants, one-half cupful of chopped almonds, one-half pound suet, spices to taste. Steam six hours and then serve with whipped cream sweetened with maple sugar.

In Milady's Boudoir

By Gwen Sears

Nothing stamps a woman's class, which is a part of true beauty, than her manner of dress. She may not realize it, but her individuality stands out clearly by her dress. It is plain to be seen that a woman is irresponsible and irrational when she wears gowns that have been selected for her by her dressmaker. She is always overdressed and superfluous in her appearance.

You can never mistake the doll woman, who is all fluffy ruffles outside and in. Nor can you mistake the economical woman, who has been in morning once and sticks to it until she is threadbare. You can never mistake the woman who makes her own "imported models" and insults your intelligence by telling you that they are imported.

You are not fooled by the tailor made woman, who wishes so heartily that she was a man that she dresses like one. Nor the little gray lady, who is so subdued that she is shocked at colors as well as a everything else; the woman who effects red gowns, red heels, large earrings, and wears her hair down over her eyes, banded down with a gold band, and she thinks she looks oriental; the sinuous, squirming woman, all transparent draperies and a large coil of hair, who thinks she is a vampire; and, last but not least, the real woman, who can wear anything from a shirt waist to an evening gown and looks smartly dressed, beautiful and fit; the woman whose dress is secondary to her fine mind and whose gentility and cordiality illuminates her presence and makes her a joy to all who come in contact with her.

COLDS, SORE THROAT, ETC.

Whatever remedy the physician may prescribe or you may take, be careful that the germ is not passed on to other members of your family. Avoid an epidemic.

This can usually be accomplished by keeping everything antiseptically clean with 20 Mule Team Powdered Boric. Make a quantity of boric water, as indicated by directions on the package, and everybody in the family use it freely as a mouth wash and gargle.

A little warmed may be sniffed up the nose occasionally for germ killing purposes. Leading druggists sell 20 Mule Team Boric.

Your Boys and Girls

Babies' woolens should be rinsed in water of the same temperature as that of the washing water. Never wring them out; just squeeze and hang so the neck will not pull.

Woolen stockings should be washed quickly, wrong side out and stretched into shape. They will shrink slightly unless put on stretchers but should not lose color. It is better to wash them in a sud and rub the soap only on the soles. Mending wool should be washed out in hot water before being used so it will not shrink later.

Woolen caps should be washed separately and pulled into shape from time to time. While drying, a woolen sweater should dry in a heap, being gently lifted and kneaded and turned from time to time as it lies near a heater or in the sun on a Turkish towel, but never pull or stretch in any way.

Every Day Etiquette

"Is it customary, when one receives an announcement of a friend's wedding, to send a gift?" asked Gladys.

"A formal acquaintance seldom sends a gift in acknowledgement of an announcement card, but a close friend is sure to do so," said her sister.

MAN SUFFERING FROM RABIES RUNS WILD

FOURTEEN PERSONS BITTEN
WHEN MAN ESCAPES
FROM HOSPITAL.

Six Police Officers Who Subdued Man
Sent to a Hospital for
Pasture Treatment.

Pittsburgh, Nov. 26.—John Bukowa, 27, suffering from rabies, became violent and escaped from a hospital yesterday, running through a crowded thoroughfare scratching and biting at people until a patrol wagon loaded with policemen gave chase.

After a battle with Bukowa, in which six police officers and patrolmen were either bitten or scratched, the afflicted man was returned to a hospital where he attacked the superintendent, the physician in charge and an orderly.

Bukowa was finally subdued and died in a few hours.

All the police involved have been granted leaves of absence to undergo the Pasteur treatment as a precaution, while the hospital officials and the orderlies have been placed under observation.

Bukowa was bitten by a dog about two months ago, but no attention was paid to his injuries until he began to act strangely yesterday. His escape was made but a short time after entering the hospital.

Fourteen persons in all were bitten by Bukowa, 11 of whom were at once sent to Mercy Hospital to undergo the Pasteur treatment. Included in the number were Superintendent Herbert Beamer and four staff physicians of the Allegheny General Hospital. According to physicians the condition of all who received treatment was not serious and they will probably recover within two weeks.

EVANGELIST

Scores Gossips, Liars and Hypocrites
In His Sermon at Central
Church of Christ.

"People turned away," was the record at the Central Church of Christ revival meeting last night. This is exceptional to say the least when it is considered that this was only the fifth night of the evangelistic campaign now being conducted by Evangelist Roy L. Brown and his helpers. The people began to gather early, and before 7:00 every seat was occupied. The song service, conducted by Song Evangelist Leigh, was spirited. It seemed like everyone was singing the old songs. The solo was especially good, and many persons are heard to speak highly of the work of the soloist, as well as the young cornetist, R. Leighton Brown.

Evangelist Brown delivered one of his "straight-from-the-shoulder" sermons on some of the popular sins of the day. He carried his audience with him from the start, and a number of times there was applause, as well as "amens." The way that the evangelist scored gossips, liars, hypocrites and the like will not soon be forgotten. Bringing his whole body into play, he showed what people are doing by example—sinning against the youth of the home and the community. The evangelist carried the audience from the humorous to the serious at will.

Tonight is children's night. The sermon tonight is "The World's Greatest Tragedy." This is said to be one of the best efforts of the whole series of sermons.

There will be services on Saturday night, and all members and friends are urged to remember this.

Sunday will be a great decision day, and all persons who have been members at other places are asked to take fellowship then. Evangelist Brown will speak five times that day. At 3 p. m. he will deliver a special sermon to a mass meeting of men, women and children on the subject, "Mother, Home and Heaven." At the evening hour he will deliver his great chart sermon on "Man's Fall and Redemption."

The week-day services begin promptly at 7:30 o'clock, while the Sunday night service begins at 7 o'clock.

SERBIA TO LIVE FOREVER SAYS WAR MINISTER

(ASSOCIATED PRESS TELEGRAM)
Paris, Nov. 26.—A prediction that no matter what happens Serbia will be "born again," was made by War Minister Bokovitch to the Matin's Monastir correspondent, who quotes the Serbian general as saying: "We are all ready to hold out to the last. If fortune abandons us altogether so much the worse, but we still shall hope. Serbia knew how to win liberty after five centuries under the Turkish yoke. It will be the same tomorrow. Serbia will live forever. You cannot kill us Serbs, and Serbia will be born again to grow greater in the future."

Cheating Father Time And Other Aids to Beauty

Not so much the big wrinkles, but the little ones are what rob the face of its youthful appearance, and it's to keep old Father Time from putting his bookmark on the complexion that interests most women. Wrinkles and crow's feet can be prevented and if not too old and big, can be massaged away if only the proper means are employed. A skin foot that will make the skin plump and vigorous and remove quickly all traces and lines of age can be made as follows: Get from your druggist about two ounces of powdered egg white. Dissolve this in half a pint of hot water and add a tablespoonful of glycerine; massage this freely into the skin and you will soon notice the difference in your appearance.

A hair tonic of unusual worth—simple too—one that will dissolve away every particle of dandruff and will stop itching scalp and falling hair, can easily be made by mixing half a pint of alcohol with half a pint of water and adding one ounce of beta-quinol. If you have any bad scalp troubles, just try this and see what a few weeks' treatment will do for you.

With fashions of today demanding hairless neck, arms and other parts of the body, the removal of superfluous hairs has been quite a problem. The electric needle is painful and quite expensive. Pastes and powders and razors only increase the growth. The only safe and sure way is to dissolve the hairs then you kill the hair roots entirely. If you will get a simple and sure way to get rid of the hairs, you will find that in a few minutes they will be dissolved entirely, leaving the skin soft and white. (Advertisement.)

TANLAC BRINGS GREAT RELIEF AND HAPPINESS

MR. J. G. SHEARER MUCH BENEFITED BY THE MASTER MEDICINE.

Catarrh of Head and Throat Greatly Benefited By Its Use.

Mr. J. G. Shearer, who is employed at Zanesville brick yard, and who resides at 24 Fell street, is one of the hundreds of Zanesville people who have been helped by the use of Tanlac, the Master Medicine. Mr. Shearer for years has been a sufferer from catarrh of the head and throat and was unable to get any relief until he took Tanlac. He says: "My nostrils were stopped up and mucous dropping into my throat was very disagreeable until I had started taking Tanlac, from which I have derived much benefit, and I cheerfully and gladly recommend it to those similarly affected, believing it will do them much good as it has me. In short and in fact, I regard Tanlac as a good medicine and recommend it highly to my friends and the public. Tanlac, the Master Medicine, has proven just as beneficial to scores of men and women around Zanesville as it has in Mr. Shearer's case. It is especially beneficial for stomach, liver and kidney troubles, nervous debility, lack of appetite, sleeplessness, defective circulation, coughs, colds and catarrh troubles and as a general tonic and system purifier. Sold in Newark at Hall's Drug Store and Newark sufferers are not only requested but urged to communicate with Zanesville people who have been benefited by Tanlac."

DOCTORS FAILED TO RELIEVE SUFFERING

So states Mr. John Goetz, of 169 East Beck street, Columbus, Ohio, who suffered for years from a complicated case of RHEUMATISM. Also tried many remedies but no result. Finally he was induced to use the latest discovery, which completely cured his case of Rheumatism. TWO KILLED AND FOUR HURT WHEN AUTO TURNS OVER

(ASSOCIATED PRESS TELEGRAM)
Americus, Ga., Nov. 26.—Two persons are dead, one seriously injured and four others slightly hurt today, as the result of the overturning of an automobile in which a party of young people were motoring from Americus to Columbus, for Thanksgiving day visit. The dead are Miss Edith Hildreth, 18, of Live-oak, Fla., and Henry Lancer, 20, of Americus.

"Alas! death overtakes us all," sighed the Wise Guy. "Yes, in fact death is an undertaker who comes before the undertaker," amended the Simple Mug.

POLICEMAN IS HELD FOR WIFE MURDER

QUARRELED WITH WOMAN IN
WINEROOM IN ST. LOUIS
LAST NIGHT.

Bodies of Woman and Another Po-
liceman Found in Alley—Pris-
oner Was Wounded.

(ASSOCIATED PRESS TELEGRAM)
St. Louis, Mo., Nov. 26.—In William Street, assistant chief of police of Madison, Ill., known as the biggest policeman in Illinois, rests today, the police believe, the power to clear up the mystery of the death of his estranged wife, Mrs. Catherine A. Street, and Patrolman Charles F. Barmier, of the St. Louis police department, whose bodies were found in an alley here last night, each shot through the heart.

Street with a bullet wound in the right leg, was arrested a few hours after the shooting, but denied he had fired the shot which had taken the life of either.

According to a bartender and others, Street had quarreled with his wife in a wineroom near the scene of the shooting, and within a block of Mrs. Street's home. From the wineroom, according to witnesses, Street took his wife into an alley. Patrolman Barmier followed them, and just as the trio were out of sight of witnesses, five shots were heard.

When several men rushed to the alley they found the bodies of Barmier and Mrs. Street within a few feet of each other. By the side of the policeman was his revolver with one chamber empty, but this is a precautionary measure adopted by many policemen to prevent explosion of the weapon should it fall. His revolver bore no powder marks and, according to the police, seemed not to have been fired recently.

Street said while he was talking to his wife in the alley, some one called out, "now, I've got you," and fired, one bullet hitting him and another his wife. Street said he ran without returning the fire. Street is six feet, five inches in height, and weighs more than 300 pounds.

DYNAMITE

Destroys Home of Pennsylvanian
Who Refuses to Plant Money at
Demand of Black Hand.

Wilkesbarre, Pa., Nov. 26.—Following the refusal of Joseph Ferraro of Swoyersville, near here, to place money in a secluded spot near his home, as ordered in a letter received in the mails on Monday, and signed by the Black Hand, his home was dynamited yesterday.

The entire front of the building, formerly a hotel, was blown out, but members of the family, who slept in the rear, escaped injury. State police are searching for several men who were seen to run from the place when the explosion occurred.

Ferraro is one of the more prosperous miners residing in Swoyersville. On Monday he received through the mails a demand for money. He was instructed to place \$500 in a secluded section near his home, the letter stating that failure would mean death to his family before Christmas. He turned the letter over to the state police.

LIBERTY BELL REACHES HOME ON THANKSGIVING

Philadelphia, Nov. 26.—The Liberty Bell was given a rousing welcome home when it arrived here shortly before 4 o'clock yesterday afternoon from the Pacific coast.

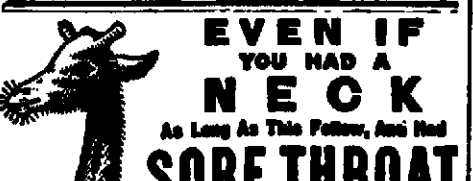

Escorted from a railroad station in West Philadelphia by a big military delegation the bell was safely lodged in its glass case in Independence Hall after it had passed through crowds of thousands of persons who lined both sides of the streets through which the procession passed.

At Independence Hall patriotic exercises were held, the tenor of which was that thanksgiving should be given that the bell had withstood the long journey and had returned without injury. Many in Philadelphia had feared that the relic might meet with an accident in its trip to and from the coast.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out
your Kidneys, and neutralize ir-
ritating acids.

Kidney and bladder weakness result from uric acid, says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder where it often remains to irritate and inflame, causing a burning, scalding sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell
when you darken gray, faded
hair with Sage Tea and
Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.

For hair, brief description of drugist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant.

Suffered for Years

There are many people who will be interested in the experience of Mrs. Julia Byard, Fort Benton, Mont. She writes:

"I suffered for years with gall-stones. A friend wrote me about Fruitola and Traxo. I started taking it and am completely cured now and feel better than I have felt for twenty years."

Mrs. Byard's testimony is similar to that of many who have given this remedy a chance to help them. Fruitola is a powerful lubricant for the intestinal organs, softening the hardened particles that cause so much suffering and expelling the congested waste in an easy, natural way. A single dose is usually sufficient to clearly indicate its efficacy. Traxo is a splendid tonic-alternative that acts on the liver and kidneys, stimulates the flow of gastric juice to aid digestion, and removes bile from the general circulation. Fruitola and Traxo are prepared in the Plinus laboratories at Monticello, Ill., and arrangements have been made to supply them through representative druggists. In Newark they can be obtained at Evans' Drug Store, Warden Hotel block.

O. S. U. ALUMNI OF NEW YORK TO HEAR CHIMES

Long Distance Phone Party Allows 'Frisco Graduates to Talk To Columbus.

(ASSOCIATED PRESS TELEGRAM) Columbus, Nov. 26.—Chime bells pealing over the campus of Ohio State University here this evening will ring their music into the ears of 500 alumni in New York and San Francisco over 2,500 miles of telephone wires.

It will be long distance chiming, but officials of the American Telephone and Telegraph company, which arranged the demonstration, said today they believe the bells will be heard distinctly at both sides of the continent. A specially constructed transmitter will be used to catch the music vibrations. The set of chimes was dedicated six months ago and most alumni will hear them for the first time, standing according to campus custom, while the bells ring the melody of "Carmen, Ohio," the university anthem.

For one hour, beginning at 10 o'clock New York time, 9 o'clock Columbus time, and 7 o'clock San Francisco time, about 250 alumni at each of the three cities will "listen in" while speeches, gossip and visiting are carried over the transcontinental wires. This is a feature of the annual country-wide celebration this evening by graduates of Ohio State University.

Columbus will introduce Governor Frank B. Willis of Ohio as the first speaker. New York will introduce N. C. Kingsbury, vice president of the American Telephone and Telegraph company; Charles C. Bond, president of the New York Alumni association; H. E. Payne, president of a typewriter company; Prof. Charles F. Scott of the Yale faculty, and Ernest K. Coulter, originator of the Big Brother movement. San Francisco will introduce Dean Thos. Forsyth of the University of California Agricultural college, and Edward Hyatt, superintendent of instruction for California. Other long distance speakers at Columbus will be Dean Joseph V. Denney of the Arts college; Prof. F. C. Caldwell head of the department of electrical engineering, and Dean George Wells Knight of the college of education.

PULL OF RHEUMATISM?
Your Case is not Hopeless. When You Know Where to Seek Relief.

T. J. Evans or any druggist in this city will promise to give your money back if you are not cured of rheumatism after using two bottles of genuine Rheuma. To those who know the wonderful results secured with Rheuma this offer is not necessary, but there are many who have failed to get results with other medicines and this offer is made to convince the sceptical.

Hear what T. M. Baird, of Delton, Mich., has to say: "I was taken with rheumatism in my hips and limbs. It was all I could do to walk or work. Last spring I tried a bottle of Rheuma, and three bottles did the work. I am not the only one here who has been benefited." Rheuma is the system of uric acid, the poisonous sediment which is the chief cause of rheumatism.

Be sure to get the genuine—ask for Rheuma in liquid form. 50 cents.

BALD HEADS

May Be Ridiculed, But They Are Scared In Asylums for Insane. Dr. Clark Can't Explain.

Monroe, Wis., Nov. 26.—Here is a grain of comfort for the bald-headed men.

No matter to what extent they are compelled to bear the ridicule of their friends because of their shining domes, the fact that it is falling out is a guarantee they will never be inmates of asylums for the insane.

So says Dr. Robert B. Clark, who has made a lifelong study of insanity.

"I have examined several hundred patients as to their sanity," said Dr. Clark. "I have had the opportunity of studying many hundreds of others in asylums of the country, and in all of my experience I have yet, with a single exception, to see an insane man who was baldheaded."

Asked why the doctor declared himself entirely in the dark, merely maintaining that it was an indisputable fact that insanity is found chiefly among people with heavy heads of hair.

BROTHER KILLED BY SPRINGFIELD BOY HUNTING

Springfield, Nov. 26.—Frederick Hohlmyer, aged 19, was accidentally shot by his brother Carl, aged 16, while they were hunting near this city yesterday. While passing through a wood, the shotgun carried by the older lad was discharged. The heavy load of shot severed the younger boy's left arm near the shoulder and 25 hot took effect in his left side, passing through the left lung, stomach and intestines. He was rushed to the hospital here, where he died.

HUNTER BLEEDS TO DEATH WHEN LEG IS SHATTERED

Cleveland, Nov. 26.—An instant after Joseph Halasz had shot a rabbit yesterday on a farm near Bedford, the gun of one of his hunting companions was accidentally discharged and Halasz fell with a shattered right leg. He bled to death in 15 minutes.

The fellow who never lets his left hand know what his right hand is doing wouldn't make much of a pugilist.

RED FLAG USED TO DRAPE COFFIN OF JOE HILLSTROM

Chicago, Nov. 26.—The funeral of Joseph Hillstrom, I. W. W. member, executed by a firing squad in the Utah penitentiary last week, was held here yesterday and the body was later cremated.

The funeral was unlike anything ever held in Chicago. Gathered in the West Side Auditorium were 6,000 persons while other thousands were unable to gain entrance.

Incoming freight trains, factories, lodging houses, the slums, and the workmen's cottages contributed to the crowd.

The red flag floated unmolested at every turn. Draped over the plain pine coffin was a red banner.

No creed of religion found a place at the services. There were no prayers and no hymns, and there was a mighty chorus of voices joining in songs written by Hillstrom. Throughout the service he was referred to as "Joe Hill."

On a banner above the coffin and on the programs containing the songs which were sung, was this inscription:

"In memoriam, Joe Hill. We never forget. Murdered by the authorities of the state of Utah, November 19, 1915."

William D. Haywood was chairman of the meeting. He made a speech, as did James Larkin, who led the last dock worker's strike in England. The funeral oration was made by O. N. Hilton, the lawyer who defended Hillstrom.

Eight men said to be anarchists, carried the coffin out of the building. A procession a mile long formed behind it and marched to a station on the elevated railway. The trip to the cemetery was made in this way. Comparatively few persons went to the cemetery.

BRYAN AND TAFT

Invited by Henry Ford to Go On Peace Ship—Dr. Gladden to Go.

New York, Nov. 26.—Henry Ford is almost as certain that he would be able to end the European war as he was that he could make trustworthy employees of convicts.

There was an interesting scene in his apartment in a hotel and apparently there were several persons there who were extremely enthusiastic about the trip to Europe aboard the Oscar II.

In announcing the names of persons to whom invitations were sent, Ford admitted that William J. Bryan and William Howard Taft had been asked to go on board the peace ship. But Theodore Roosevelt received no invitation.

Many governors, including those of Ohio, Indiana and Kentucky and other prominent men were invited to make the trip. Governor Frank B. Willis of Ohio, and James B. McCreary, of Kentucky, have promised to go if possible, but a message from Indianapolis announces Governor Samuel G. Ralston will decline the invitation.

Others who have promised to go are Thomas A. Edison, John Wanamaker, Miss Jane Addams, Miss Helen Keller, Mrs. Anna Garland Spencer, of Meadville, Penn.; Frederic C. Howe, Commissioner of Immigration; former Congressman Bartholomew, of Missouri, and Rev. Washington Gladden, of Columbus, Ohio.

Among those to whom invitations were sent, but who have not replied, Governor Manning, of South Carolina; Governor Kye, of Tennessee, and former Governor John M. Clayton, of Georgia.

Governor Locke Craig, of North Carolina, declined the invitation.

Some men are born great and some acquire greatness, but you can never make a man believe he has greatness thrust upon him.

IN SUCH PAIN WOMAN CRIED

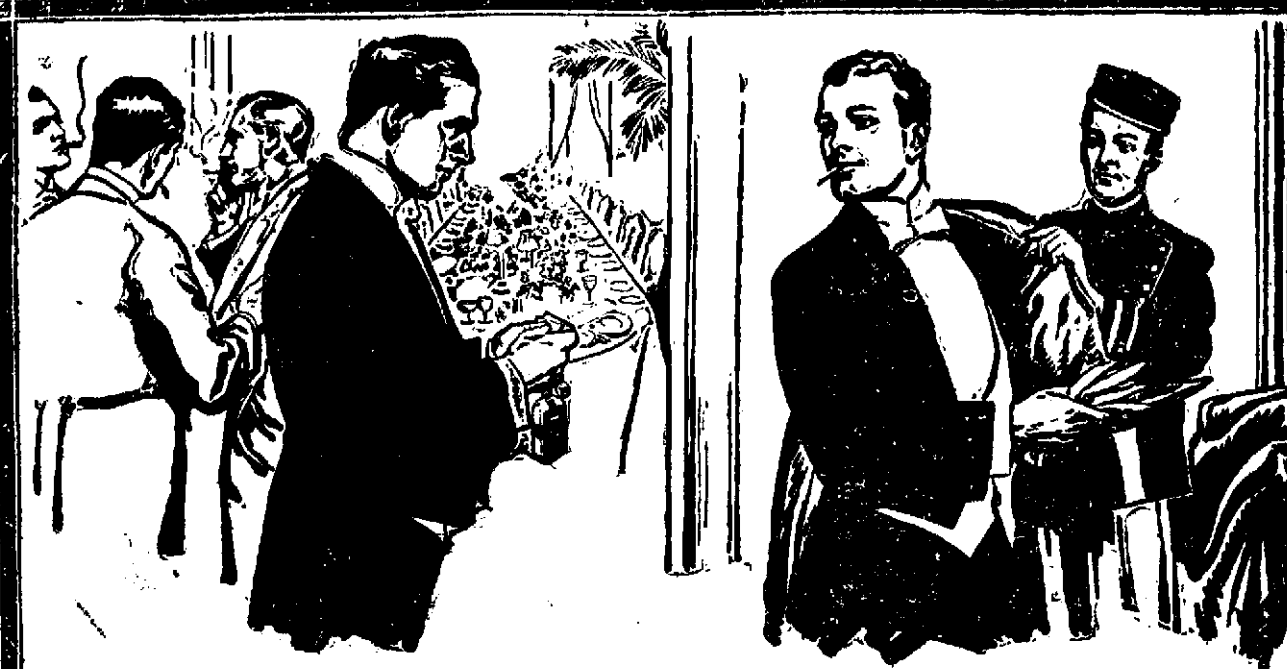

Suffered Everything Until Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Florence, So. Dakota.—"I used to be very sick every month with bearing down pains and backache, and had headache a good deal of the time and very little appetite. The pains were so bad that I used to sit right down on the floor and cry, because it hurt me so and I could not do any work at those times. An old woman advised me to try Lydia E. Pinkham's Vegetable Compound and I got a bottle. I felt better the next month so I took three more bottles of it and got well so I could work all the time. I hope every woman who suffers like I did will try Lydia E. Pinkham's Vegetable Compound."—Mrs. P. W. LANSENG, Box 8, Allyn, Wash.

Why will women continue to suffer day in and day out or drag out a sickly, half-hearted existence, missing three-fourths of the joy of living, when they can find health in Lydia E. Pinkham's Vegetable Compound?

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

Every Family Needs This Splendid Remedy

Compound of Simple Laxative Herbs.

When a remedy has stood the test of critical analysis and strong competition for over a quarter of a century and establishes itself as the indispensable household remedy in thousands of homes, it is pretty good evidence of its efficacy.

Dr. Caldwell's Syrup Pepsin has been on the market since 1889 its use being gradually extended until now it is generally regarded by druggists as the staple family laxative. It is a combination of simple laxative herbs, free from opiates or narcotic drugs, gentle in its action and positive in effect. It costs only fifty cents a bottle and can be purchased in drug stores everywhere.

New York, Nov. 26.—Heinie Schultz, who says he deserted from the German army, was held at the Ellis Island immigration station today for inquiry as to whether he shall be given refugee status in America. Schultz, who arrived yesterday, a stowaway on the Dutch steamer Noorderdyk, tells an interesting story.

He says he fought at Liege, Antwerp and the Battle of the Marne, where the German advance towards Paris was first checked and was a member of the army division which was the first to be ordered to retreat.

"Most of them were killed," he said. "Mostly I was in little engagements when I fought. We could not make out what we were fighting for. I hadn't anything against the French. None of us did in the trenches."

"Then I got a card that my father and brother had been killed. They died for their country if you like, but I don't want to do that."

The soldier said he formed a plan to desert. He dropped out of the line at Yser and fled to Lille, where he was given shelter for two months by a French girl. Then he was captured and thereafter was assigned to unpleasant tasks, he said.

While foraging for cattle he hid in a cattle train, rode to Brussels and thence walked to the Dutch border.

A Coincidence.

"Now, Tommy," said the teacher, "you may give an example of a coincidence."

"Why, er—," said Tommy, with some hesitation, "why—the fadder and mudder was both married on de same day."—Chicago News.

Mr. Gnaggs—"You used to say I was your idol, but that was before I went broke." Mrs. Gnaggs—"Well, you can still be my shattered idol."

A WELL KNOWN WOMAN SPEAKS

In Every Town in Ohio Neighbors Say the Same.

Zanesville, Ohio.—"I used Doctor Pierce's Favorite Prescription. I had the trouble peculiar to women of forty-five. The 'Favorite Prescription' used as directed proved just the right medicine. It took about four bottles and each bottle seemed to do more good than the last. It helped me so much that I have never ceased to speak highly of it. I also used 'Golden Medical Discovery' at the same time and found it equally good."—Mrs. MARY GREGG, 330 Columbus St., Zanesville, Ohio.

The mighty restorative power of Dr. Pierce's Favorite Prescription speedily causes all womanly troubles to disappear—compels the organs to properly perform their natural functions, corrects displacements, overcomes irregularities, removes pain and misery at certain times and brings back health and strength to nervous, irritable and exhausted women.

It is a wonderful prescription, prepared only from nature's roots and herbs, with no alcohol to falsely stimulate and no narcotics to wreck the nerves. It banishes pain, headache, backache, low spirits, hot flashes, dragging-down sensation, worry and sleeplessness surely and without loss of time.

Why should any woman continue to worry, to lead a miserable existence, when certain help is at hand? What Doctor Pierce's Favorite Prescription has done for thousands it will do for you. It's not a secret remedy for its ingredients are printed on wrapper. Get it this very day at any medicine dealers in either liquid or tablet form.

ORPHAN

Celebrates Festival Day as Wife of Man Who Planned to Adopt Her.

Cleveland, Nov. 26.—Twenty-six years ago John Holst was planning to adopt as a daughter the girl who sat opposite him at the Thanksgiving dinner table. She was an orphan, a niece of Holst's wife.

Yesterday the two again sat opposite each other at a Thanksgiving dinner table—as maid and wife.

Justice Zoul performed the ceremony Wednesday which made Holst—now 60 years old—the husband of Mrs. Louise Kroll, 40. In marrying, the two kept a promise made by them to Holst's first wife, Amelia Holst, on her deathbed in 1913.

"I was an orphan at 14 and went to live with my aunt and uncle. He wanted to adopt me, but we postponed the legal proceedings," said the bride.

"I married Herman Kroll when I was 25. Since I became a widow, five years ago, I have been back at the old home, on Holden avenue."

"When my aunt died she made us promise we would care for each other. We have waited two years and mourned for her. Sunday was the anniversary of her death."

Mrs. Ernest Kroll of Parma, the mother of Mrs. Holst's first husband, celebrated the wedding Thanksgiving with a family dinner.

18 POUNDS OF BLOOD

is the average quantity in a healthy adult, but it is the quality of the blood that determines our strength to resist sickness. With weak blood we find cold hands and chilly feet; in children an aversion to study, and in adults rheumatic tendencies.

In changing seasons get abundant fresh air and take a spoonful of Scott's Emulsion after meals, because Scott's Emulsion is a rich blood-food that will increase both quantity and quality of the blood while it warms the body and helps carry off the impurities.

When multitudes of people are today taking Scott's Emulsion to avert winter sickness, and are giving it to their children, it is careless to neglect its benefits. Look out for substitutes. Scott & Bowne, Bloomfield, N. J. 15-26

AUTO TURNS OVER FIVE MEN HURT TWO SERIOUSLY

Columbus, Nov. 26.—Turning the five-passenger machine he was driving toward the curb, at Park and Russell streets last evening to avoid a collision with another automobile, Joseph Burns, aged 22, caused the car to turn over, injuring himself and four other young men. All are in Protestant hospital. It was said last night that two of them are believed to have been hurt seriously. Edward Purcell and Dominic Carlo, both aged 21, are those most seriously hurt. Both suffer internal hurts and several of Purcell's ribs are fractured. Both were unconscious.

ACCIDENTAL SHOT KILLS HUCKSTER AT CLEVELAND

Cleveland, Nov. 26.—A bullet hit Philip Burtman, huckster, between the eyes yesterday and the man fell dead from his wagon at the feet of his son.

Police investigation showed that a boy in the vicinity had been shooting with a rifle.

The boy said he had loaned the rifle to a man while he went to get a target and while he was absent he heard a shot.

The man told the police he scuffled with the boy over the rifle and it was accidentally discharged.

NO MORE BACKACHE
NO MORE MISERY

Hundreds of people have been relieved of the agonies caused by week, diseased or clogged-up kidneys by using Solvax, the new remedy that quickly reaches the source of all kidney complaints.

If you suffer with pains in your back and sides or have any signs of kidney or bladder trouble such as rheumatic pains, puffy swellings under the eyes or in the feet and ankles, if you are nervous, tired and run-down, or bothered with urinary disorders, Solvax will quickly and surely relieve you of your misery.

Solvax is probably the most potent remedy yet devised for ridding the system of uric acid and driving out all the poisonous impurities which cause such troubles. It neutralizes, dissolves and makes the kidneys sit out all the uric acid and poisons left by the blood, and renders the kidneys and urinary organs clean, vigorous and healthy.

Many of the best druggists say that no medicine ought to be paid for unless it does the user some good. Solvax therefore sells under a positive guarantee to quickly relieve the worst cases of kidney trouble or your money refunded. Try Solvax today and if you cannot see and feel a decided change for the better just go to the druggist from whom you bought it and tell him you want your money back and he will return it without question. This is the strongest argument that can be offered in behalf of any medicine. Solvax is sold in Newark and vicinity by T. J. Evans and other leading dealers.

NEWARK MEN ARE INITIATED AT ZANESVILLE

Knights of Columbus From This City Attend Banquet and Dance Thanksgiving Day.

The initiation, banquet and dance given by the Knights of Columbus of Zanesville on Thursday proved a most delightful event. In the afternoon the initiation was held and a large class was received into the order. Seven of the initiates were from Newark, Walter Rauch, Fred Cross, Herbert Nolan, John Callahan, Earl Wright, John Dwyer and Joseph Carr.

Following the work of initiation a banquet was held and later the dancing party was given in old Hall.

Among the Newark people in attendance were Misses Bernice Floyd, Lucille Maybold, Anna McCarthy, Nellie Gorman, Mary Keeley, Mary Ilmore, Lucille Madigan, Elizabeth Devlin, Messrs. William Anderson, Parnell McKenna, Neil Floyd, Edward Duffey, John Gilbert, Bernard Fallon, Ted Devlin, Wayne Ward, Bernard Ewald, John Feeney, William Schopen, and Daniel Manning.

NOTED MEN FOR CONFERENCE AT BAPTIST CHURCH

The ministers and members of the Bible conference which begins at the Baptist church Monday evening, will bring a large number of pastors and church members together. Invitations have been sent to all churches in Licking county and the gathering will be a help to general church life in and around Newark. The chief lecturer is Prof. A. T. Robertson, D. D., LL. D., of Louisville, Ky. Dr. Robertson is not only a great Bible lecturer, for the past several years at Northfield, Mass., and Winona Lake, Ind., but is an author of international reputation. His great work, "The Dictionary of the Greek New Testament," ranks among the best in the world. It is used in the leading advanced schools of England, Holland and Belgium. The leading churches in Europe quote from his writings as found in this ponderous edition.

He will offer four lectures on the book of Second Timothy during the conference. His lecture hours are 11 a. m. and 3 p. m. Tuesday and Wednesday, his subject being: "Paul's Last Message."

Another strong man on the program is Rev. J. C. Massee, D. D., of Dayton, O. Dr. Massee is a popular platform preacher, a man intensely in earnest with the fire of the Southern orator. During summer months he has been preaching at famous watering places, Atlantic City, and on the Pacific coast. He is a prince of Gospel preachers and will be heard here by crowded houses. He will speak three nights, Monday, Tuesday and Wednesday. The sessions of the conference are open and free to everybody, and many pastors will be present to have part in the general discussion topics.

DAUGHTER

Is Flower Girl at Church "Wedding" of Ohioans Who Were Married By Justice 20 Years Ago.

Marion, O., Nov. 26.—Mr. and Mrs. William D. Drake, who eloped 20 years ago and were married by a justice of the peace, were remarried yesterday on their 20th wedding anniversary at the Lee Street Presbyterian church in the presence of a large company of invited guests. The ceremony was performed because Mrs. Drake had been convinced by her pastor, Rev. G. L. Pake, that the nuptials of two decades ago had not been "appropriately celebrated."

Drake, a one-armed and one-legged trick bicycle rider 20 years ago, created a great stir here when he took his bride from a second-story window down a ladder from her father's home and married her at the office of a near-by justice of the peace. She was the daughter of the late Councilman Thomas E. Roberts, wealthy and prominent.

At their remarriage a 12-year-old daughter officiated as flower girl and three other children, one a married daughter, were in the bridal party. Mr. and Mrs. Drake left for a honeymoon trip through the South. Drake is now a telegraph operator employed by the Erie railroad.

COMPOSER

Of Famous Princeton Song, "Old Nassau," Dies—Langlotz Looked Lightly Upon Melody.

Trenton, N. J., Nov. 26.—Prof. Karl A. Langlotz, composer of the famous Princeton song "Old Nassau," died at his home here yesterday after a long illness. He was 82 years old and had been in poor health for five years, two of which he had been confined to his room.

Prof. Langlotz was deeply interested in music and had appeared with many of the world's foremost players and composers. He was a member of the orchestra directed by Wagner at the playing of Lohengrin at Weimar for the first time.

Although revered by thousands of Princeton students for his composition of "Old Nassau," Prof. Langlotz looked lightly upon the melody. "It's music," he said recently, "was quickly and carelessly composed, yet I suppose it will have a place among the songs that never die."

The Man Who
Walks By
You—

When a man walks by you on the way home to-night with a light, youthful step—don't envy him. Just make up your mind to come down here tomorrow and get the same shoes he wears—the famous Dr. A. Reed Cushion Shoes. Then, you can skip along yourself like a twelve year old.

Reed shoes are the easiest shoes on earth. Nothing else like them—if you have to walk much. No tired, aching feet, then. For the soft cushion insoles support the arches of your feet, distribute your weight evenly—and make walking a delight.

We'd just like to have you try on one pair and see how comfortably they fit the first time. That's convincing enough for everybody. And if you're "finicky" on style or leather—we've a wide variety of both to show you. Come in tomorrow.
